40

YEARS

A PASSIONATE RIDE

2018

In the beginning, there was the passion. It all started for the love of riding, motorcycles, motocross and the Off-road, always the Off-road.

In the 70's I was doing motocross and motorcycles meant everything to me, little did I realize that it would be like that until today. At that time, my heroes were Roger DeCoster, Hakan Carlqvist and Eric Geboers and, fortunately, throughout my times in this business, I have had the opportunity to know all these people and share with them my passion and love for bikes and the sport.

At that time, there were simply no replacement parts for motorcycles in Portugal. I was nineteen, I needed parts for my motorcycle and I couldn't find none. So, I began producing parts by myself, first front fenders, rear fenders and handguards. They were the first parts that we produced and that's how Polisport started. The year was 1978.

First, I made prototypes in glass fiber, then I started the molds in steel, to produce the plastic parts. From the first molds we developed, I tried to figure a way to produce the best parts, with the best shape and performance, that is something we still look for when we develop a new part or product.

Ever since, our focus has been the plastics. We devoted a lot of time and effort to come up with the best technologies, the smartest solutions and the best results. This complete dedication brought us the partnership of many of the most important OEM brands in the industry. Today we can say, we work with some of the best in the business: KTM; Husqvarna; Sherco; GAS GAS.

The motocross background gave me not only the passion for this industry but also the set of skills needed to face the challenges found on the way. Just like motocross, business requires rapid reactions, such as the fast development to meet the time-to-market; new and different approaches to challenges, just like it would be needed to face a different track; and the constant adjustment to the environment – ever changing markets and adversaries – the toughest competitors.

In this industry, as in racing, I got used to constantly work against the clock, facing many challenges I didn't expect for, on the way to reach our goals. Just like when you go Off-roading, there's no map of the trails and the obstacles are certainly not marked on the way. The thrill, the excitement and the joy are always on. It is felt with every new project that starts, when the first sketches fill-up a clean sheet of paper or when the first parts come out of the production line.

Over this 40 years at the helm of Polisport Group, I've had fun, but most of all, I had a purpose: to give our customer the best and most innovative parts on the market, that can exceed their needs and expectations, that can be proudly displayed on each and every motorcycle, just like I would have displayed on mine, when I was nineteen years old. That's why our motto is WE MAKE PERFORMANCE PLASTICS.

This has been a long and passionate ride but, be sure, there's a lot of more riding to be done.

Pedro Araújo
CEO and Founder

2017

'Best of the best'

For the first time, Polisport Plásticos was awarded the Red Dot Award for Product Design for the Foldable Lift Bike Stand, released in 2016 and included in this exclusive list which distinguishes the best Product Designs of the year.

Winning a Red Dot: Best of the Best is, first of all, the recognition from the World's foremost Design Jury and a memorable step for all team involved in the project and an important milestone in the company's history.

RED DOT DESIGN AWARD

reddot award 2017
best of the best

2014

A plant in Brazil

Considering the Brazilian and South American markets as some of the most promising, in 2014, Polisport felt the need to extend into the Brazilian market, building a facility there.

The new line of business in Brazil covers the same areas of business, namely: bicycles accessories and off-road accessories.

POLISTAR

HEADGY HELMETS

2013

The company was created to fill a gap in the market: the need for quality helmets produced at competitive prices with short turnaround times.

Headgy Helmets, founded in 2013, is aiming to become the European leader in the manufacture of protection helmets, in the fields of sports.

The well-known Dutch brand Bobike has become part of the Polisport Group.

With the Bobike acquisition, we became European leaders in the bicycle baby seat market. I can't express what this achievement meant to me, and of course to our history.

The goal was to take Bobike to an even greater level of notoriety and performance, while maintaining its identity and values.

Four years passed and, looking to what we achieved, I'm very proud of what we did with this new brand in the family.

bobike

2012

Polisport Molds, founded in 2012, arose from the need to integrate the mold construction and development into the Group. Polisport thereby achieves greater control of the entire plastic molding process, which is the key to the success of the company's business by combining greater quality control with faster response and turnaround times.

With this new company in the group we achieved a complete control of product development and production. From A to Z, we completely control all the stages of the process.

We make
PERFORMANCE
plastics

POLISPORT MOLDS

2011

The Polisport Group is modern and dynamic, and works in partnership with the most important companies in the bicycle and motorcycle sectors. In the past few years, developing exclusive technologies, such as IPD and DGP, in both process and production have enabled us to acquire the knowledge needed for the research and development of innovative and exclusive products.

This brought us awards, not only for the Off-road products but also for our baby seats - Guppy won the IF Design Award for "Product Design" - and our water bottles - Corky won the IF Design Award for "Material Design".

2010

Polisport is recognized as the Most Innovative Portuguese Company of the year by COTEC-BPI, winning the SME (Small and Medium Enterprise) Innovation Award.

Certainly, a recognition to remember. Being considered the most innovative SME in the country gave me, even more, the certainty that the path to follow was innovation and product differentiation. One that we have been following for a long time now.

2009

Polisport wins two IMDA awards for "Best Injection Mold" part and "Best IMD Durable Product". In that year Polisport was also awarded with an honorable mention by COTEC, (Portuguese Innovative SME Association), as being one of the most innovative SME Portuguese company. Those awards meant a lot to me, because i always knew that, to become a strong player in the market, we needed to keep an innovating year after year.

INNOVATION
is in our DNA

IMDA award and
the **COTEC'S**
recognition

THE FIRST IMDA AWARD

FOR POLISPORT'S IPD PARTS

2008

Polisport wins its first IMDA (Inmold Decoration Association Award) for best injection mold part with IPD. This was an important moment for us because, after years of effort in the development of this exclusive technology, we got the worldwide recognition. I have to highlight; IPD was what brought us the partnership with some of the most important manufacturers, such as KTM, which was the first brand to have IPD parts on their stock bikes.

R&D PRODUCT

PATENTS **43** REGISTERED TRADEMARKS **8** REGISTERED DESIGNS **24**

INNOVATION 2006 SERVICE QUALITY COMPETITIVENESS FLEXIBILITY

In addition to our strong focus on customized products across the client portfolio, and in conjunction with our capacity for innovation, service quality and technical knowledge, Polisport continues to work with both new and existing clients and build upon its long and stable partnerships regarding original equipment and client branding.

The establishment of Marketing, Logistics and R&D departments in 2006 were the cornerstone to achieve these goals. The focus on innovation and the development of IPD technology allowed Polisport to become the OEM supplier of some major manufacturers including KTM, Husqvarna, GAS GAS, Triumph and BMW.

2005 DGP Durable Gloss Propylene

We started the production of all replica plastics with this exclusive technology. **DGP was the first off-road plastic to combine two different polymers** in order to achieve unmatched levels of glossiness, flexibility and durability.

POLISPORT 2

With the exponential growth of the off-road division, in 2005, we've developed a new unit devoted to off-road motorcycles, which acts as the storage and dispatch location for all products within this sector of the business. In the off-road range, the main emphasis is on Replica Plastics and exclusive accessories. At this moment, we have 9 manufacturers brands represented in our Replica plastics catalog, being SHERCO and BETA the latest additions and a line of exclusive accessories, from motorcycle protections to foldable accessories.

IPD - Inmold Plastic Decals

2005 was the turning point for the o-road division with the creation of patented technology - IPD. This technology fuses graphics onto plastic parts as an alternative to motorcycle graphics decals.

2004 POLINTER Plásticos S.A.

Polisport Group becomes the sole owner of Polinter's capital. Polinter is the Group's plastic injection unit, with wide experience and capacity for complex plastics parts production, for the two-wheel market. The high quality of the parts manufactured here comes from the combination of competence, experience and professionalism of its technical teams who are highly specialized and dedicated in the field of plastic injection molding. These human elements are backed up by the ongoing investment made in the modern assembly lines which are fully automated with 6 axis robots.

The complete range
CYCLING HELMETS 1996

In 1996, we've released the first bicycle helmet collection. The brand's bicycle range was now complete, and presented itself as an extra to the dealers.

The plastic
WATER BOTTLES 1991

On the bicycle front, the family kept growing, besides child-seats and mudguards, we've introduced the plastic water bottles in the range.

First
BICYCLE MUDGUARDS 1990

I still remember the first model - Everest - that was released in 1990 and established Polisport as reliable brand in the mudguards market.

1993

POLISPORT
Plásticos S.A.

The Group headquarters, where the company has been based since 1993, is the operations center for all activities and where all the different administrative teams are based.

The headquarters is the nerve center for all Polisport Group activity, this includes: implementation of trade agreements, the center for global logistical services, as well as research, innovation, product development and the Test and Quality Center of the Group.

Bicycle
CHILD SEATS 1988

In the bicycle market, Polisport is now the leading European producer of child seats, setting the standards for this industry. This conquer began in 1988 with the launch of the "New Sit" – the first child seat of the brand. This is still a product that I'm personally involved in the whole development process, because I know that it will carry the most precious cargo of all, our children.

The beginning of the
INTERNATIONALIZATION

1984

The first presentation at an international exhibition was at IFMA Show, Cologne and the first exports were to Spain. From the beginning, I knew that internationalization would be the major key success of Polisport brand. Nowadays, we are present in more than 20 trade shows per year all over the world (Italy, USA, Taipei, Belgium, Germany, Netherlands, UK [...])

1978 | **A HOME**
production in a garage

It all started in the year of 1978. Polisport Group was founded, originating from my passion for two wheels, and has focused and specialized in these markets ever since. It all started for the love of riding motorcycles and bicycles alike.

First logobrand of Polisport

40 YEARS A PASSIONATE RIDE

POLISPORT **EXCLUSIVE TECHNOLOGIES**

After 40 years in the off-road business, we strive every day to improve our performance. All our products feature a formula that matches durability with design and outstanding performance. Innovation is one of the cornerstones of Polisport activity and this is reflected, not only, in the constant release of groundbreaking products but also in the use of exclusive and ingenious new technologies.

We use exclusive technologies. We think of innovative products. We Make Performance Plastics!

IPD INMOLD PLASTIC DECALS
DGP DURABLE GLOSS POLYPROPYLENE
PD+ PLASTIC DECOR PLUS
DI DUAL INJECTION

reddot award 2017
best of the best

IPD

It has been several years since we put an end to tired-looking bicycles and worn-out stickers. **IPD technology fuses graphics onto plastic parts as an alternative to bicycle graphics decals.** It's an added value for manufacturers, since IPD graphics will not fade, peel, crack or separate from the plastic. Furthermore, IPD parts are lighter than those decorated with PS labels.

PD+

PD+ is IPD taken to the next level. By fusing graphics onto plastic parts over larger areas and harder surfaces, **PD+ offers the opportunity to create special effects with customized graphics with better protection and durability.**

DGP

DGP is the first off-road plastic to combine two different polymers, making the perfect blend between the compounds to achieve the best results and characteristics for the product.

DI

Few ideas combine style, durability and safety so effectively. The simultaneous injection of polypropylene and rubber makes the perfect blend between flexibility, lightness and resistance to impact.

HEADLIGHTS AND TAIL LIGHTS STANDARDS

ECE

E-mark homologation – legislation applying to European Union as well as Asia and Australia (1958 UNECE Agreement – between the United Nations and the ECE).

DOT

Meets with Department of Transportation standards (DOT), group of technical norms and regulations applying to the United States of America. To be road legal, headlights must comply with DOT requirements.

SAE

Meets with Society of Automotive Engineers (SAE), Group of technical norms and regulations applying to the United States of America.

RoHS

Short for Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment. It restricts the use of the following six substances: Lead (Pb); Mercury (Hg); Cadmium (Cd); Hexavalent chromium (Cr6+); Polybrominated biphenyls (PBB); Polybrominated diphenyl ether (PBDE).

WEEE

The Waste Electrical and Electronic Equipment Directive (WEEE Directive) is the European Community directive 2012/19/EU on waste electrical and electronic equipment.

Mounting kit INCLUDED

FEATURES HEADLIGHT

Battery powered (battery included)

No wiring, cutting, crimping or soldering required for installation

Light output: 800 lumens (400 each LED)

Perfect for MX and electric bikes

Battery includes connection terminals for optional wiring connections

Stable light, with no light flicker

LED Power output 2 x 5W 15° 12V high-power LED

Slim shape

Has passing and driving beam

Hard-coated, optical clear polycarbonate lens cover for protection

Universal mounting system

Headlight extensions and rubber straps for vibration reduction included

Graphics: Polispport decals

FEATURES BATTERY

Battery: NiMH, 1 pack of 12V; 2,2A

Run-time: 4,5h on low, 2h on high setting

Battery charger included. Charging time with wall charger: 3h

High/Low and On/Off switch included

Battery life indicator and charging indication

PARTS INCLUDED

1 headlight Lookos (standard or solar version)

2 LED bulb 5W 15° 12V

1 battery

1 wall charger

3 household power plug adapters (USA, UK, EU)

Headlight extensions

Vibration reduction straps

HALO LED

Mounting kit included ✓

FEATURES

- LED Illumination – 100% LED Technology
- Homologated LED light for road use in Europe (ECE approved) and USA (DOT approved)
- Passing beam output: 508 lumens – 13.2V; 7.3W
- Driving beam output: 1007 lumens – 13.2V; 14.7W
- Stable light, with no flicker during low and high rpm
- Produces a symmetrical passing beam and/or driving beam. No difference between right/left hand drive
- Cool white light providing optimal brightness
- Long-Lasting Led bulb
- More energy efficient than Halogen light bulbs
- Connections: Standard 0.62" plug connector (4 circuits)
- Universal mounting system
- Headlight extensions (20 and 40 mm) and rubber for vibration reduction included
- Works with DC current only
- Graphics: Polisport decals

PARTS INCLUDED

- 1 headlight Halo Led
- 1 led bulb
- Headlight extensions
- Vibration reduction straps

UTILITY CAN

ADR European Agreement concerning the International Carriage of Dangerous Goods by Road

FEATURES

Made from high quality translucent HDPE with heavy-duty wall thickness
Homologated has a portable fuel container for Europe
Complies with ADR standards
Highly durable and leak-proof cap and walls
Includes transportation cap
Ergonomically designed handle for transport
Two handle design to help the filling process
Reinforced ribbed bottom
Oil/Fuel Mixer Included and attached to the Fuel Jug
Free area to customize with name and/or number
Oil/Fuel mix gauge on the cap to identify the fuel mix
Use cap for transport
Non-slip bottom
Fill Hose and Quick Fill Spout available as spare parts
Available in 2 different capacities – 10 L / 2.64 Gallons; 20 L / 5.28 Gallons

PARTS INCLUDED

1 Polisport Utility can
1 Transportation cap

PACKAGING DETAILS

Polisport ProOctane 10L
Weight: 2800 g / 6.19 lb ☎ 1
● 8464600001 red

Polisport ProOctane 20L
Weight: 3800 g / 8.4 lb ☎ 1
● 8460000001 red

OPTIONAL SPARE PARTS

QUICK FILL SPOUT

Quick Fill Spout compatible with KTM tanks
Quick Fill Spout for an extremely fast pour rate
Quick Fill Spout has auto shut-off system to avoid fuel spillage
Quick fill Spout diameter: 37mm
Easy to use, with no spills or mess

DISC & BOTTOM FORK NEW PROTECTOR

PERFORMANCE PART

FEATURES

- High impact and abrasion resistant plastic guards
- Complete protection of the brake disc and bottom fork guard
- Easy and quickly installed. No need to disassemble the wheel
- Perfect protection from rocks and roost
- Extended protection. Also guards the brake caliper
- Accepts oversized 295 mm brake discs
- Air intakes to cool Brake Disc
- Disc Protector only works together with Bottom Fork Guard
- Model specific Bottom Fork Guards are required
- Bottom Fork Guards can be used separately (Sold Separately)
- Polisport design enhances the look of your bike
- Includes all mounting hardware
- Available in white, black and brand colors
- Developed to work with stock forks only

FEATURES

High impact resistance plastic guard

Complete protection of the upper fork tubes

Easy and quick installation

Perfect protection from rocks and roost

Keeps the fork upper tubes looking like new

Part works with different diameter sized forks (from 50 to 60 mm)

Easy to remove and reassemble when washing the bike

Polisport design enhances the look of your bike

Includes re-usable zip ties for assembly

Engraved precut lines for length adjustment (from 228 to 252 mm)

Available in white, black and brand colors

PARTS INCLUDED

1 Pair of Upper Fork Guards

Plastic Cable Ties

Protective Foam

PACKAGING DETAILS

Packed in plastic bag

Weight: 200 g / 0.44 lb \oplus 12

IGNITION COVER PROTECTORS

PERFORMANCE PART

FEATURES

- Abrasion and impact resistant
- Built-in rubber o-ring
- Easy and intuitive installation
- Hard shell in hard resistant pa6 (polyamide)
- Perfect fit to the Ignition Cover
- Optimum protection against rock impacts
- No need to disassemble the ignition cover for installation
- Free clearance to the oil filter cover and cap
- All mounting hardware included to install the part
- Resistant to high, continuous temperatures
- Available in black and brand colors
- Polisport exclusive design

PARTS INCLUDED

- Ignition Cover Protectors
- Mounting Hardware

PACKAGING DETAILS

- Packed in plastic bag
- Weight = 100 g / 0.22 lb

PERFORMANCE CHAIN GUIDE

PERFORMANCE PART

FEATURES

- High impact resistant outer shell
- Wear pad with exceptional performance and durability
- Outer shell works with all the different wear pads
- Can be mounted without removing the chain
- Extra long design increases the efficiency of the chain guide feeding
- Developed and perfected for off-road use
- Outer shell and wear pad are sold separately
- All the hardware to install included
- Polisport exclusive design
- Available in black and brand colors

PARTS INCLUDED

- 1 Performance Chain Guide (outer Shell + wear pad)
- Mounting hardware

PACKAGING DETAILS

- Packed in plastic bag
- Weight = 300 g / 0.66 lb

SWINGARM PROTECTORS

PERFORMANCE PART

NEW
MODELS

FEATURES

Hard shell in hard and resistant pa6 (polyamide)

Abrasion and impact resistant

Perfect fit

Easy to install

Lightweight

Perfect fit, no vibration noises

Available in black and brand colors

All parts needed for installation included

Adhesive foam to reduce vibration and enhance the fitting

New wider and stronger plastic cable ties

PARTS INCLUDED

Pair of swingarms protectors (plastic parts)

Plastic cable ties

2 stripes of adhesive foam

PACKAGING DETAILS

Packed in plastic bag

Weight = 399 g / 0.88 lb

MOUNTING KIT
INCLUDED

59

RADIATOR LOUVERS & MESH

PERFORMANCE PART

FEATURES RADIATOR LOUVERS

Resistant and durable polypropylene part
Provides the perfect airflow to the radiator
Straight forward installation

NEW
MODELS

FEATURES MESH

Protects the radiator without blocking the airflow
Can be easily clipped and unclipped on the radiator louvers without disassembling the radiator scoops
Polisport's meshes are designed to perfectly fit each radiator louver
Only compatible with Polisport radiator louvers

Easy to clip and unclip on the radiator louvers

*Mesh sold as spare part.

FEATURES

- Folding design
- Built-in handle for easy transportation
- Developed according to fire standards
- Precut mold allows the use of bike stands
- Easy to store (Truck; Garage; Pit)
- Embedded porous mat to avoid oil and fuel spillage (Absorbs up to 1 L / 0.26 gallons of oil/fuel)
- Resistant structure built in polypropylene
- FIM Motocross World Championship Official Podium Bike Mat
- Compatible with the majority of bike stands in the market
- Functional pockets can be used to store tools and other parts
- Easy to clean
- Available in brand colors
- No tools required
- Includes two additional porous mats

PARTS INCLUDED

- 1 bike mat
- 2 absorbent mats

Mr. Plastic, Preston Petty, meets Performance Plastics by Polisport

The Off-road business is made of pioneers. Preston Petty is a brand that reminds us all of the importance to innovate and to always reach for something better. In the '60s, Preston Petty got tired of bending and breaking steel and aluminum fenders but there was a solution for this problem and a better way to produce the best fenders for MX bikes.

The year was 1969 and Preston started to produce his own injection molded plastics after learning all the processes involved in plastics production. Year-by-year the business grew, and with it, the Preston Petty name became a benchmark in the off-road world. Slowly, plastics became the standard for MX and Off-road motorbikes but, at the beginning, there was the need to fight the stigma of selling plastic parts. Preston was by no means the first to make a plastic fender, but he was definitely the first to make a good quality, unbreakable product.

Saying the plastics were unbreakable was not just a sales pitch, all the parts were unconditionally guaranteed and that was what gave the Preston Petty brand the confidence and recognition of its customers. Almost 50 years later, Preston Petty meets Polisport. The connection between these two plastics pioneers aims to bring Preston Petty Products to another level by taking advantage of all the knowledge Polisport has gathered in the Plastics field during its 40 years in the business.

The goal is clear. Keep the essence and quality Preston is known for and let everyone around the world have access to these fantastic plastics. Most important of all is keeping the plastics as unbreakable as ever and fully guaranteed, just like Preston Petty did during his days at the helm of the brand.

Now that Preston Petty plastics will be produced and distributed by Polisport, the legend continues...

The legend continues...

MX FENDERS

PARTS INCLUDED

1 Preston Petty MX Front or Rear Fender
1 Preston Petty Decal

PACKAGING DETAILS

Packed in plastic bag with headcard
Weight MX Front Fender: 840 g / 1.85 lb
Weight MX Rear Fender: 496 g / 1.09 lb

Each fender will still have the Preston Petty "Guaranteed Unbreakable" 1 year warranty just like Preston offered. Each fender will also have the oval Preston Petty Product decal on the fender and an extra in the box. Each fender will have the same original wording and logo as Preston had; "MX FRONT" and his "Preston Petty Product" oval logo. The one major thing Preston has instilled in us is that "Top quality should be the main focus". Those are his words that we will live by!
